Cisco's Five Pillars of the Intranet

Video

High-quality interaction from anywhere, real time and offline

Mobile

Secure access to information and people from any device, anywhere

Social

Expertise and information location, proactive interaction

Apps

Easy and intuitive access to transactional systems

Content

Web, audio video content that is most relevant to the user. Context aware.

Search, Information Architecture & Social Discovery

Find and Connect to People Using Cisco Directory

Over 6.5 million profile views a month

Click to connect real-time via Instant Message and Phone

The screenshot displays the Cisco Employee Connection People (Directory) interface. The top navigation bar includes "Find People", "Find Expert", and "Edit My Profile". A search bar contains the text "jobradle". The profile for Jodi Bradley is shown, including her photo, name, job title "DESIGNER.USER EXPERIENCE", and contact information. A "Work" section lists her phone numbers and a "Preferred" status. A "Mon, Sep 29, 08:55 UTC-4" timestamp is visible. Below the profile, there are icons for "Work", "Internal", and "Mobile". A blue arrow points from the "Work" icon to a call log window. The call log window shows an incoming call from Jodi Bradley (jobradle - User Experience Strategist) with a "Chat" button and "Decline" and "Answer" buttons. The main interface also displays a list of expertise areas: "Collaboration Work Practice Study", "Experience Strategy", "DNO", "Mindmap", "Brainstorming", "Innovation Games", "Interactive Worksessions", "Intranet", and "Visioning". A box indicates "8 Experts - Find others with this expertise."

Mobile – Anywhere, Anytime, Any Device

> BYOD, CYOD: Any Trusted Industry standard Device

> Corporate and Personal Paid Plans, Strong terms of Use

> Global Service Provider Partnerships

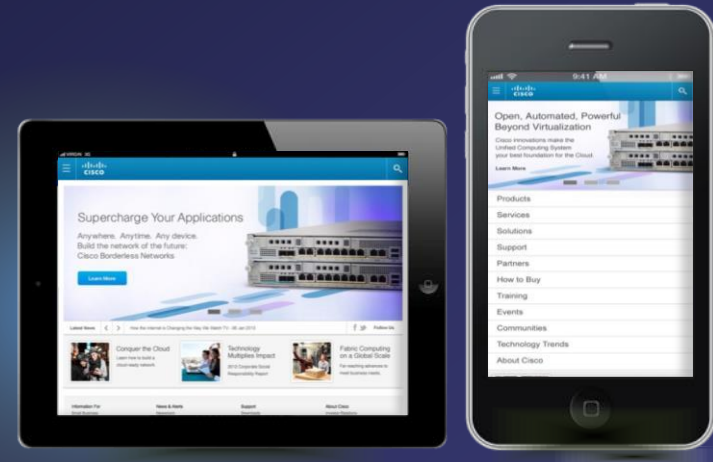

Business Apps & Store – Transact from the Intranet

➤ Best of breed Native Apps & Responsive Design

➤ Robust App Lifecycle, selection of enterprise and Line of Business apps

➤ Cisco eStore as a catalog of all Apps & services

Cisco currently has 57 internal apps delivered through a consolidated internal eStore.

Cisco Maps

My Approvals

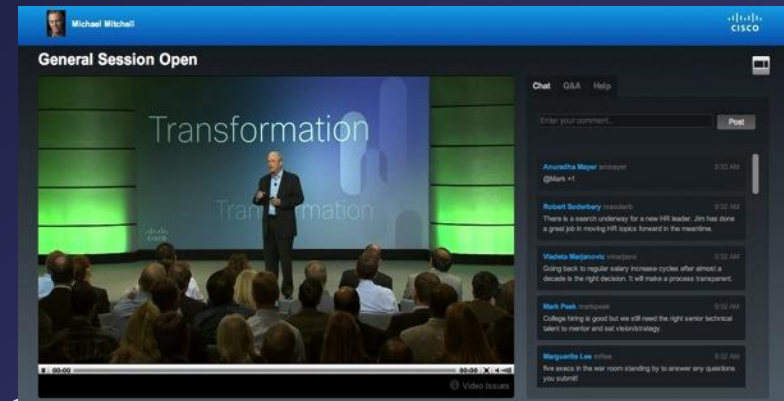

CiscoTV

Video – Interactive, High Impact

Internal “YouTube-like” capabilities
via Cisco Show and Share

- The majority of employees attend major events via video
- Over 300 videos uploaded every month
- 12 broadcast quality studios around the world and over 1,000 TelePresence units
- Video conferencing is pervasive throughout the organization

Cisco has over 80 internal live broadcasts per month!

Content – Vehicle for Information and Support

Offers information, tools and connections with global access.

➤ Users visit with a specific task in mind and want to get their task done quickly and efficiently

➤ Capabilities provided for both “official” and casual content

➤ Some tools have already migrated to the cloud including payroll information

➤ Long term roadmap is convergence with Cisco.com

The Corporate Directory is the number one tool on the Intranet.

Christine A. MacLaughlin liked **Brett A. Collins's** message.

Brett A. Collins Hi Chris, this may be of interest to you. I have started an online magazine for our VWW BT/IT team. It has a couple of goals. Firstly it promotes our umbrella community (links to whats out there for our BT/IT group) to get people there. Secondly & with a team spread out all around the globe, we want to get announcements, education, practical knowledge, etc out to people. This is the first edition & I will let you know when the second becomes available.

Hello **Richard**,

Welcome to your Tuesday, 16 September 2014 edition of Wholesale Read.

We open this week with news that the BT Wholesale [Delegation of Authority](#) document has been updated for Q3. This latest version incorporates a number of changes that have been suggested by users of the DoA. It covers items such as adjustments, goodwill, purchasing and T&S etc and is intended to enable decisions to be taken quickly.

This week also sees the launch of a new page on our intranet dedicated to [volunteering](#). It aims to share news of what is going on in BTW, encourage you to get involved and provided a way and guidance on how you can. Perhaps you could start by supporting [World Alzheimer's month](#) and become a Dementia Friend.

And finally, this Friday is '[International talk like a pirate day](#)'! So why not give in to your inner pirate – it could make for some very interesting conference calls etc. You could even use it as an excuse to get into volunteering and raise some money for a cause close to your heart.

Have a great week, savvy!

Sydney v Melbourne. The great AMP road bike race.

[Home](#) > [The buzz](#) > [Technology](#) > Sydney v Melbourne. The great AMP road bike race.

On Friday 7 June 2013 live from CQ01 Room 11 and the Docklands Lobby, AMP staff will race it out to win one of two road bikes valued at \$500.

In the first race of its kind, via live video link staff from each office will battle it out in display of strength, endurance and might! It's all part of Amplify Expo and a fun immersive exhibit from IT@AMP about the future of working at AMP.

And if you are in Sydney, be sure to visit us between 9am and 3pm. We will have some awesome technology, furniture, and concepts on display. There are loads of prizes to win, including one of 10 Fitbit Flex activity trackers, a ride in a real race car, and you can even pot your own herb to plant in our AMP Community Garden.

This exhibit is not to be missed!

About US

About the IMF

Our Values

Learn about the core values that help the Fund uphold a professional, diverse, and friendly workplace.

Organizational Structure

Learn about the IMF's organizational structure and senior officials.

How the Fund Works

Read about the IMF's facilities and programs, operations, and historical background. Visit the Finance Department to find information on the IMF's financial resources, including quotas, borrowing agreements, and more.

Executive Board

Go to the Secretary's Department to find information on the Executive Board, which conducts the day-to-day business of the IMF. Read about the Executive Board's upcoming meetings and seminars.

Consult the Redbook for Fundwide editorial guidelines. Review the Annual Meetings to learn about how these shape business at the IMF.

Policies and Procedures

GAOs Administrative and operational policies are called General Administrative Orders (GAOs). GAOs are supplemented by Staff Bulletins.

Working Outside of the Fund
Financial Conflicts of Interest
Information Security

IMF Communications Toolkit

Find resources for all your external outreach, including up-to-date talking points and relevant material to help in outreach with policymakers, opinion makers, the media and others.

Support for Staff

Staff Association

The Staff Association promotes the interests and general welfare of staff.

Conflict Resolution

The Office of the Ombudsperson provides staff with a confidential, independent, neutral and informal resource for conflict resolution.

The Administrative Tribunal serves as an independent judicial forum for the resolution of employment disputes arising between the Fund and its staff members.

The IMF Mediation Program will serve as a confidential dispute resolution option between parties staff in headquarters and in the field.

Staff News

Consult Staff News to learn about new staff transfers, departing staff and more.

Work Environment

Learn about the Fund's policy regarding harassment, discrimination, and management standards.

IMF Clubs

Visit IMF Clubs to interact with colleagues through extracurricular activities and organizations.

New at the Fund?

If you are a new Fund employee, the following resources will help you get your bearings

- Getting started in the Fund
- Join the Yammer group for New Staff
- IMF 101 Presentations
